Re: Park 410 West (Amendment)

POADP # 107-A

Dear Mr. Love:

The City Staff Development Review Committee has reviewed Park 410 West (Amendment) Preliminary Overall Area Development Plan (POADP) # 107-A. Please find enclosed a signed copy for your files. Your plan was accepted, however please note the following:

- In consideration of public safety and convenience, excessive grades by reason of topography should be avoided in street layouts and arrangements.
- Potranco Road is on the Major Thoroughfare plan as a Primary Arterial requiring 120' of Right-of-Way. Dedication along said thoroughfare will be required upon platting.
- Any access and R.O.W. issues along state facilities will need to be resolved with the Texas Department of Transportation (TXDOT). For information about these requirements you can contact TXDOT at 615-5814.
- It will be expected that you will plat all of the property depicted in your POADP to include floodplains, drainage areas and open space.
- I would encourage you to work closely with the school district, so that they can plan accordingly.

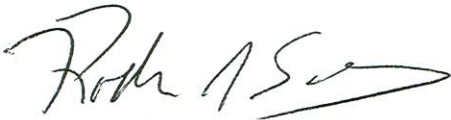

Mr. Love
Page 2
April 13, 2004

Please note that this action by the committee does not establish any commitment for the provision of utilities, services or zoning of any type now or in the future by the City of San Antonio. If the proposed development is not platted in phases this POADP will be invalid.

ALL Platting shall comply with the Unified Development Code, Master Plan and Major Thoroughfare Plan for the city of San Antonio.

If you have any questions regarding this matter, please contact Mr. Michael O. Herrera, at (210) 207-7873.

Sincerely,

Re: Administrative Revision of Park 410 West P.O.A.D.P.

Dear Mr. Herrera:

This submittal is to revise the above referenced P.O.A.D.P. The revisions are contained within Phases 1 and 3 only. We propose to eliminate Westheimer (86-ft Collector Street) and move the part of Edenbridge south of Richland Hills Dr. more to the east (see enclosed revised P.O.A.D.P.). The reason for our revisions is based upon existing conditions. A Lowe's home improvement store was constructed where part of Westheimer was to be located. As a result, the subject loop road has become infeasible.

The forth coming Westover Market Place Subdivision (+/- 68 acres) is proposed to be located within the area that Westheimer was to serve. Westover Market Place Subdivision contain it's own internal circulation by utilizing private streets (Ingress/Egress Easements). All buildings and pad sites will provide shared access. This subdivision's private road system is proposed to be maintained by the tenants and/or owners.

This P.O.A.D.P. revision also proposes to relocate the portion of Edenbridge, which crosses Slick Ranch Creek more to the east closer to Loop 410. This is due to the configuration of the Westover Market Place Subdivision's site plan (see attached preliminary site plan). Also note that the floodplain has been updated to reflect the current FEMA map (see attached) for this portion of Slick Ranch Creek.
